Personal leave days must be used in the one (1) year period and shall not be cumulative year to year.

ARTICLE 7

SICK LEAVE, LEAVE OF ABSENCE AND OTHER LEAVE

Section 1

Employees are entitled to one day sick leave with pay for each month of service from the date of appointment to December 31 of each year. Thereafter, 15 days of sick leave are granted

in each calendar year, or a total of 120 hours. Any employee whose employment has terminated shall have their sick leave prorated in the year of termination at the rate of one day per month, not to exceed 15 days.

Sick leave is to be used solely in the event of personal illness, accident, exposure to contagious disease, or when attendance upon a member of the employee's immediate family seriously ill requires the care or attendance of such employee. The term "immediate family" is limited to the employees' spouse, a child, a grandchild, his/her parents or grandparents, brothers, sisters, stepparents, stepchildren, and stepbrother and stepsister, or a relative who is part of the household.

Sick time usage is a benefit and is to be used as defined. Sick time is not to be abused, nor is it to be utilized for any other purpose.

The employee or a member of the employee's family must telephone the individual designated by the Department Head at least an hour before the employee's starting time to advise that the employee cannot report to work. Failure to adhere to this process may be cause for disciplinary action.

This practice shall be followed each day through the third day, at which time a doctor's certificate on forms provided by the Business Administrator will be required with a statement from the doctor as to the expected length of time the absence will continue.

The employer may require medical verification whenever three (3) or more consecutive days are utilized as to "fitness for duty", or if an employee has a pattern of sick leave use. A pattern is defined as "absences that consistently occur". For example, before or after scheduled days off including holidays and vacations, the same day of the week or month, etc. The

Department Head or his/her designee retains the discretion in determining what constitutes a pattern. Failure to provide proof of illness by the employee may result in disciplinary action.

Any employee expending a total of more than five (5) non-consecutive days of sick leave in any one year may be required to provide a doctor's note or submit to a physical examination by a medical doctor selected by the Business Administrator, and the net cost, if any, to the employee for that doctor visit shall be reimbursed by the employer. If such examination determines that no sickness is evident, the employee may be subject to disciplinary action.

A certificate of a reputable physician in attendance shall be required as sufficient proof of need for leave of absence of employee or the need of the employee's attendance upon a member of the employee's immediate family. In case of a medical leave of absence due to contagious disease, a certificate from the Department of Health shall be required.

In case of death in the family of an employee, any reasonable proof required by the Department Head shall be sufficient. The term "immediate family" is limited to the employee's spouse, a child, a grandchild, his parents or grandparents, brothers, sisters, stepparent, stepchildren, stepsiblings or to a relative who is part of the household.

Sick time taken as part of a day shall require the employee to notify the Department Head or his or her designee.

An employee absent from work utilizing a day of Sick Leave for his or her own illness must be at home, or must advise the Director of Public Works or his designee of the location where he or she can be located, during the hours scheduled to work for which Employee is being paid and reported off sick except to go to the doctor or seek medical assistance. The Township reserves the right to send an appropriate official to confirm the Employee's whereabouts or to

order the Employee to a physician of Township's choice to report on condition of the Employee.

If such examination determines no sickness is evident, employee may be subject to discipline.

During a period of disability, employees may elect, if they so desire, to first utilize all or any part of their accumulated sick leave. In the absence of such elections, leaves of absence provided by this Article will not affect in any manner whatsoever, the accumulated sick leave of the disabled employee.

Where a disability work-connected injury is sustained and causes an extended absence, the Township Council may adopt a resolution granting the injured employee up to one-year leave of absence with pay in accordance with the requirements of N.J.S.A. 40A:9-7. If and when such action is taken, the employee shall not be charged with sick time beyond that charged at the time of the disability.

In the event of such action, the employee must agree in writing to reimburse the Township for payments he may receive as Workers' Compensation, insurance benefits or from any settlement or judgment paid to the employee by a person or corporation held responsible for such injury.

At retirement an employee's unused sick days shall be multiplied by the employee's per diem salary rate in effect at this retirement; however, the maximum dollar amount that shall be reimbursed shall be Fifteen Thousand (\$15,000) Dollars.

Section 2. Transitional Duty

Policy

The Township will endeavor to bring employees with temporary disabilities back on the job as soon as possible and may assign transitional duty to employees who temporarily cannot perform the essential functions of their positions because of injury or illness.

Duration

Transitional duty is not guaranteed and will normally not exceed 45 workdays, but may exceed 45 workdays at the discretion of the Township Administrator.

Transitional duty may be implemented as soon as the temporarily disabled employee is able to return to work with restrictions. Transitional duty will only be assigned if the employee will likely be able to fully perform the essential functions of his or her permanent job title after the transitional duty period. The Department Head will consult with the employee's immediate supervisor to determine if there is any meaningful work that can be performed consistent with the medical restrictions. The Department Head will decide if it is in the best interest of the Department to approve a transitional duty request and will notify the employee of the decision. The Department reserves the right to terminate the transitional duty assignment at any time without cause.

Assignment

Decision on the assignment of transitional duty shall be made based on the availability of appropriate assignments given the employee's knowledge, skills and abilities; availability of transitional duty assignments; and the physical limitations imposed on the employee. . If there is insufficient work for an employee to perform, given their medical restrictions, the supervisor may allow the employee to leave after completing one-half (1/2) of their scheduled work day.

Every effort shall be made to assign employees to positions consistent with their title and pay classification. However, where appropriate, personnel deemed may be assigned to positions designated for personnel of lower rank or pay classification. Employees thus assigned shall:

A handwritten signature in black ink, appearing to read "E. J. M.", is located in the bottom right corner of the page.

- Retain the privileges of their rank and/or title but shall answer to the supervisory employee of the unit to which they are assigned with regard to work responsibilities and performance; and
- Retain the pay classification and related benefits of the position held prior to their assignment to transitional duty.

Employees may not refuse transitional duty assignments that are recommended and approved by the Workers' Compensation Physician or the Township's consulting physician. In such cases, failure to report to work as directed shall constitute grounds for discipline.

Medical Verification

If an employee believes that the transitional duty assignment is inconsistent with the employee's medical restrictions, the employee may request a meeting with the Township Administrator who will render a written response after consulting with the Township's consulting physician. In determining whether the employee is able to return to work on a transitional duty status, the Township's consulting physician will consider any report provided by the employee's treating physician. The final decision as to ability to return to work, however, will be made by the Township's consulting physician.

Benefits During Transitional Duty

Employees on transitional duty will receive their regular salaries and other employment benefits and are prohibited from engaging in any outside employment of any kind unless they receive prior written approval from the Township Administrator. Employees who are on transitional duty are not eligible for overtime work assignments.

Return to Full Duty

It is expected that at the end of the transitional duty period or the expiration of 45 work days, the employee will return to full duty. If at the end of the transitional duty period or 45 days, the employee is not able to return to work without restrictions, the Department Head will meet with the employee to discuss the options available. Depending on the medical prognosis for the employee's return to full duty, the Department Head and/or Township Administrator reserves the right to extend the transitional duty or take other appropriate actions based on the employee's status and medical prognosis for return to full duty.

Other Rights Unaffected

This policy does not affect an employee's rights under the Americans with Disabilities Act, the Family and Medical Leave Act, the Fair Labor Standards Act, or other Federal or State law.

Leaves During Transitional Duty

Any time off taken while on transitional duty will be charged accordingly (i.e., vacation leave, sick leave, personal leave, etc.).

There shall be a cap of eighty (80) hours on the amount of compensatory time that may be accumulated and such time must be used within twelve (12) months of when it was earned. Once an employee elects to be paid by compensatory time for overtime worked, the payment must be taken in compensatory time and will not be paid in cash. The Township may, at any time, pay an employee for their accrued and unused compensatory leave time.

A one day notice in advance to the Director or the Supervisor, his designee is required for the use of compensatory leave.
